

# ProgressBook Parent Access – Parent Account Information

You can access a great deal of information about you child’s academic progress, assignments and attendance by using ProgressBook Parent Access. It is easy to use and will allow you to view current information about all of your child’s classes with a single logon. You can even “link” all of you children together and view their information using one logon.

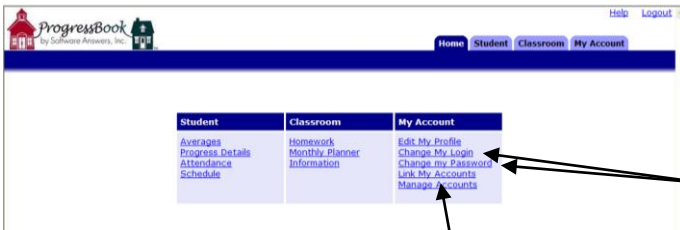

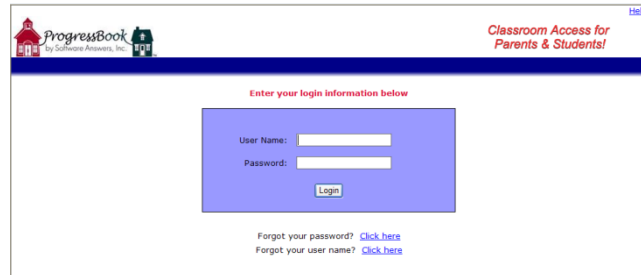

A link to ProgressBook Parent Access is located on the West Branch Local Schools website. It is found under “Parent”

The West Branch website is found at:

<http://www.westbranch.k12.oh.us>

When you use the ProgressBook Parent Access link, this logon page will open. You simply need to enter the username and password you have been provided.

This is the ProgressBook Parent Access home page.

It is suggested that when you logon that you change your login and password. The school will have no record of this information once you have changed it. You will only be able to retrieve it if you have supplied an email address using “Edit My Profile”.

From the homepage you can also link accounts for other children so that you will only have to use a single logon to access the information of multiple student accounts.

You are encouraged to investigate all of the options that are available to you. If you have any questions about ProgressBook Parent Access or are having difficulty logging on, please contact your child’s school for assistance.
