

Mrs. Scofinsky's 5th Grade **Science and ELA**
 Lesson Plans
 Week of September 9th, 2019

Day	Learning Target	Procedure	Assessment
Monday Science	I can follow the directions during a science activity. I can follow safety rules during a science investigation. I can design and conduct a science experiment.	1. Introduce the Science safety and tools stations. <ul style="list-style-type: none"> • Google classroom video learning • Science notebook update • Bikini Bottom Safety Scenario activity • Science Safety Marathon Game • Using a graduate • Using a balance scale 	Teacher Observations Student responses
ELA SLO Services 9/10	Readers take note of their thinking while they are reading and build their understandings by communicating with other readers and sharing their deep thinking. Readers keep track of their reading.	IRA: The Bad Seed/The Good Egg (Book talk and IRA) Reading Workshop: Reader's Notebook and Google Classroom Weekly Response Letters ELA Menu for building stamina. Benchmarking.	Teacher Observations BAS
Tuesday Science	I can follow the directions during a science activity. I can follow safety rules during a science investigation. I can design and conduct a science experiment.	1. Finish the safety and tools station rotations. <ul style="list-style-type: none"> • Google classroom video learning • Science notebook update • Bikini Bottom Safety Scenario activity • Science Safety Marathon Game • Using a graduate • Using a balance scale 	Teacher Observations Student responses
ELA LLI 9th	Readers recognize that there are many different types of fiction by noticing the characteristics of text.	IRA: The Book of Mistakes Reading Workshop: Genre Codes for Fiction STAR Testing	Teacher Observations BAS
Wednesday Science	I can follow the directions during a science activity. I can follow safety rules during a science investigation. I can design and conduct a science experiment.	1. Review the steps to conducting an experiment 2. Teacher Guided: The Covered Candle experiment 3. Student Independent Lab: The SS Paper Clip	*Teacher Observations *Student lab work
ELA Moment of Silence AM LLI 9th Picture Day	Readers recognize that there are many different types of non-fiction by noticing the characteristics of text.	IRA: Saved by the Boats/Fireboat NNF Reading Workshop: Codes for Non-Fiction ELA Menu for Building Stamina and Benchmarking	Teacher Observations BAS

Thursday Science	I can follow the directions during a science activity. I can follow safety rules during a science investigation. I can design and conduct a science experiment.	1. Introduce the Science Safety Project 2. Go over the Guidelines and the grading rubric 3. Conference with students during the project.	*Student projects
ELA LLI 9th	Readers follow specific guidelines during independent reading so that ALL readers can do their best thinking. Readers proofread their writing to make sure their message is clear and easy to read.	IRA: Dear Boy/Dear Girl Reading Workshop: Guidelines for Reading Workshop ELA Menu for Building Stamina	Teacher Observations BAS
Friday Science Behavior Bucks Store	I can follow the directions during a science activity. I can follow safety rules during a science investigation. I can design and conduct a science experiment.	1. Post Assessment: Science Safety 2. Preassessment Force and Motion 3. Outdoor ecosystem observations.	*Student assessments
ELA Drills Behavior Bucks Store	Readers write about a variety of topics or ideas when they share their thinking about a text so that other readers understand their deep thinking.	IRA: Do You Believe in Unicorns?/You Do NOT want a Unicorn! Reading Workshop: Sharing Deep Thinking ELA Menu for Building Stamina	Teacher Observations BAS
