

# Are Your Kids **SAFE** Online?

## School Counselors

of Mahoning, Trumbull, Columbiana, and Portage Counties in collaboration with the Mahoning County ESC and Turning Technologies proudly present:

# DIGITAL DANGER

**MAKE SURE THAT YOUR KIDS ARE NOT ONE CLICK AWAY FROM DAMAGING THEIR REPUTATION OR HARMING CAREER AND EDUCATIONAL ASPIRATIONS.**

As County School Counselors who work with children at all ages and levels, we have identified social media outlets as a constant threat to the safety of our youth. Because of this, we reached out to the "Digital Dangers" Program, the #1 provider in the state of Ohio for digital safety training. Their mission is dedicated to the prevention of Internet related crimes by equipping students and parents with the prevention principles, strategies and tools to safely navigate the digital world.

Please join us as we explore some of the newest dangers in our digital world from the lens of the student, educator and the parent. Presenters, Officer Stanko and Dr Conrad, will share what they have learned from the over 41,000 students they presented to last year and discuss the following:

- The newest Digital Dangers: anonymous, camouflage and hidden apps
- What does it mean when there is a felony on a student's phone?
- Update on trends in Tween and Teen social media use
- Digital parenting tips
- When and how to involve law enforcement

Please plan to join us on **Tuesday, April 19th at 6:00** at:

Mahoning County Career and Technical Center  
Joyce Brooks Conference Center  
7300 North Palmyra Rd. Canfield, Ohio 44406.  
(Parking and entrance in the back, door #36.)

*"Your presentation was the best I have seen by far. AMAZING personalities with a POWERFUL and relevant message!"*
