

# Virtual Career Fair

Dear West Branch Students & Staff:

This **Virtual Career Fair** is an exploration of careers for students in grades 7th-12th. While you may not know what you want to be when you graduate high school, now is the time to **EXPLORE!**

So check out this library of over 100 careers on the Virtual Career Fair on the YouTube Channel and listen to what the experts in the area are saying! You will find that the majority of the careers are right here in **O-H-I-O!**

Also included is our dynamic Opening Speaker, Brian Blasko who is a highly motivated and nationally known speaker .....check out his message!

As our Seniors are moving into adulthood, some videos are included with great tips in a playlist called "Life After Graduation".

The collaboration of this Virtual Career Fair was made possible by local people in industry, local companies and training providers. The hope is that you will find this YouTube Channel to be a resource for your future!

\*\* Additional information will be added to the YouTube Channel if information is received after initial release. Please note each career listed in its own playlist.

Here is the link to direct everyone to the Virtual Career Fair YouTube channel is [https://www.youtube.com/channel/UCe8fi\\_mLfE2Ub2SdPH7GScg](https://www.youtube.com/channel/UCe8fi_mLfE2Ub2SdPH7GScg)

## Congratulations to the Class of 2020!
