Principal’s Message

It has been a busy start to the year, but a great one nevertheless! Your children have been so much fun this year and they continue to impress me daily. Our “new” math, as some call it, truly has been a huge benefit for students. We're no longer looking at memorization or timed tests. We’ve moved into more critical thinking and multiple ways of solving problems to help students who may learn in different ways. Have you noticed a change in reading homework? We are really trying to move away from worksheets and busy work and into what matters the most-READING daily! Teachers are working on increasing students’ stamina for silent reading along with writing. I was in a 3rd grade class just last week and I could not believe what I was already seeing! Students were completely engaged in their books as Mrs. McInturff read their journal entries and provided feedback.

The holidays are just around the corner and it is my hope that they are the most enjoyable yet for you and your family.

Go Warriors!  -Mr. Fowler
